Dear Sir:

We have had forwarded to us from the American Museum of Natural History a package containing a number of casts of coins, but no letter accompanies the package; therefore, we are at a loss to know the reason of your sending these on.

Very truly yours,

Curator

Attention Mr. Wood.

Dear Sir:-

Your letter of July 10, relative to some coin casts sent you from the American Museum, was received.

I sent with these casts a letter and a list of the coins. The letter and list reached you ahead of the casts and you made the notations on the list of the values and returned it to me several days ago. The casts were sent to help identify the coins listed. They are of no further value now and may be destroyed.

I very much appreciate the information you have given me about these coins. I did not know where to get reliable information, so I wrote to the American Museum.

Again thanking you for your assistance, I remain,

Yours very truly,

Arthur P. Church
